

Dear Marya,

I just wanted to express my appreciation for making the extra effort to help us in our time of need. That ring had a lot of sentimental meaning to us & losing it was devastating. We are so happy that you were able to assist us with re-creating an exact duplicate. It means the world to me that when I look down, I don't see a foreign piece of jewelry, I see the past & history that my previous ring held.

I know, pretty deep regarding a ring but it is a very special ring to us. I will be getting it surgically attached to my finger this time around.... just kidding!

Anyways, Thank You so much for all your help, you really went above + beyond & we thank you for being so diligent in getting this order executed. Also for it coming in early... No more panicking before the big day!!
Continental Jewels should be proud to have you on their team!
Sincerely,
Marya
