Dear Susan,

It has taken me a couple of days just to catch my breath following the breath-taking event I experienced on October 12th. There are only a few precious events in ones life that brand its memories into ones heart. I would like to think the birth of a child would be one of those times and on October 12th I watched with great anticipation the arrival of my life long dream! My husband's deliverance of my dream wedding ring set and dream diamond!!

I know that the deliverance of a piece of jewelry is not equal to a delivery of a baby, but ...the anticipation and waiting can be just as exciting. I want to thank you for your all important guidance and help in making mine and my husband's dream come true.

This was a very big and important decision we were making. We had been to several other jewelry stores in the Tampa Bay Area, and there were some very nice pieces of jewelry that I could have selected.

You were so patient with us and did not try to hurry us or sway our decision. You gave us the tools, your expertise and guidance, which allowed us to build our dream.

With much appreciation I would like to say “Thank You from the bottom of my heart!”
I know where to go now and who to see whenever I or my husband has any jewelry
needs, AND where as well as who to send our friends!!

To a lasting relationship,
Barbara & Del Peeno
